Mrs. Mary Giles Howard reported that 150 young women had enrolled their names as volunteer nurses in the student nurses' reserve. Chattanooga's quota is 100 and the state of Tennessee 500; therefore the women's committee considers the registration a fine showing so far, and more are expected to apply. After giving a report of the third liberty loan campaign. Mrs. Howard resigned as chairman of the liberty loan committee. Mrs. John the liberty loan committee. Mrs. John Lamar Meek, chairman of publicity, announced that a scrapbook of the published notices of the council of defense was being made.

Red Cross Committee Workers. Mrs. T. H. McClure, chairman of the canteen committee and president of the Junior league, which is doing this branch of the Red Cross work, reported that the canteen committee meets every troop train from 8 in the morning until 6 at night; also that there would be an opening of the new hut at the Terminal station next Wednesday afternoon from 4 to 6.

Mrs. McClure stated that the Red Cross gave the canteen workers \$4.000 a year and that last month they served 40,000 soldiers, showing that very little was allowed for each soldier. The hut had been financed by the league. The local Junior league is affiliated with the Junior League of America. Mrs. Joe Clift, chairman of the child welfare work, stated that 6,175 chil-dren had been registered in the city and suburbs and that 3,000 of these were examined.

Mrs. Garnett Andrews, vice-chairman of the child welfare work, in connection with the follow-up work told of five little girls under 6, who had been deformed by burns and tuberculosis of the spine, being examined by eminent specialists at the fort, and were now under their care. It is a life far different from what can be found any other place in the world. The old saying goes 'the navy will either make or break you.' It makes the best of the men, which is the greater percentage, while the others are not worth making or break-ing. Although this per cent is very small Uncle Sam has no place for them. Many people have a vague idea of what the navy is, but there is only one way to ever make this discovery enlist once and you will know. ### **FOUR SQUIRES WILL OPEN CITY OFFICES**

It is not probable that any of the newly elected justices of the peace will open offices with the exception of the four elected from the First district. open offices with the exception of the four elected from the First district. Squire H. B. Caulkins and Squire H. F. Lawrence, who were elected from this district, will continue to maintain their same offices, while Squire Frank Wells, the newly-elected member, will probably occupy the offices now occupied by Squire H. H. Eagar, who soes out of office on Sept. 1. Squire Wells stated that he would prefer an office on the first floor of some building, but as he could not at the present find a convenient one, he would probably take Squire Eagar's office temporarily. Squire J. J. Bork, who now maintains offices on East Ninth street, has signified his intention to move up town and open an office. Squire Bork has heretofore conducted a criminal business, but states that when he moves into town he will do a general practice. Mr. Wells says he will also do a general business, taking on anything that comes along. Squires Caulkins and Lawrence have practically specialized in civil business, but have from time to time taken some criminal business.

# JUDGE-ELECT CALLS

County Judge-Elect Sam A. Conner called at the county judge's office Thursday morning in an effort to see Judge Cummings, who had sent for Thursday morning in an effort to see Judge Cummings, who had sent for him and who is preparing to leave for the west either Thursday or Friday. Judge Cummings has stated he wanted a conference with Mr. Conner before he left and would assist the new judge in any way possible. Judge Cummings however, was not in his office Thursday when Mr. Conner called and the conference will probably be held some time during the afternoon.

### JUDGE CONNER SILENT AS TO DEPUTIES

However, Rumor Has It That John Tinker and John Helmick Will Be Named.

County Judge-Elect Sam A. Conner stated Thursday morning that he had as yet not made up his mind who his deputies would be. "I have not given the matter any consideration" stated Judge Conner, "and don't know when I shall make up my mind." Judge Conner laughingly said, "I don't even know whether I shall have any deputies or not." The strongest tip that seems to be going the rounds is that the chief deputyship in Mr. Conner's office can be had by Squire John

Tinker if the squire wants it. However, one of Squire Tinker's friends stated Thursday that they did not think Squire Tinker would accept the place. Another well founded rumor is that John Helmick, the present warrant clerk in the county judge's office, will be retained in that position by the new judge-elect. It is known that Mr. Helmick, while serving under a democratic county judge has never renounced the republican party which he is a member of. At all republican gatherings Mr. Helmick is always a prominent participant and has never had any hesitancy in stating he was a republican by politics. In the event that Mr. Helmick is not retained then it is understood that Ansel Gadd, John McGill or Squire J. H. Hogan can have the second deputyship. In the-meantime the county judge says he is giving the matter no thought or consideration and just who his office force will be is at present unknown.

It is the desire both of the war and navy departments that the enrollment of physicians should continue as ivaly as before so that the needs both services may be effectively

#### FOUR CHATTANOOGA MEN **GO TO TRAINING SCHOOL**

The announcement that four Chattanoogans—Jo Conn Guild, William M. Landess, William R. Milford and Frank T. Herron—have been accepted Frank T. Herron—have been accepted into the artillery officers' training camp at Camp Taylor, Louisville, Ky., indicates that several other young Chattanoogans will be accepted for this training camp in the near future. Orders were received by the local training camp committee, T. C. Thompson, chairman, to receive no more applicants after Aug. 8, last, but that the men who had been given apthat the men who had been given ap-plication blanks before that time would be subject to the action of the

war department.
On the notification that Guild had been accepted, M. N. Whitaker, chair-man of city board No. 2, under which he had registered, made strenuous ob-jections, claiming that Guild should be subject to the action of the local board, as he had been given deterred board, as he had been given deferred classification on his plea that he was head of an essential industry—the Chattanooga and Tennessee Power company. On consulting with other members of the local boards, Gen. Whitaker decided that he (Guild) might just as well be in that branch of the service, since he was under the government just the same as if he were in the mobilization camp at some other place.
